

Join the April 24 March for Babies

Evelyn Gutierrez, Chair
Community Support Committee

The 2021 L.A. County March for Babies “Virtual” Walk is scheduled for Saturday, April 24. This year’s March for Babies campaign will help make L.A. County a more equitable community and help fund medical research and services for families at risk for premature births, needed during these COVID-19 challenging times.

Each month of this year’s campaign, March of Dimes will shine a spotlight on a particular mission topic and provide dynamic engagements and learning opportunities through a combination of live virtual events, pre-recorded webinars, and access to content from its digital library.

Your support during COVID-19 medical challenges and affected health care services will help RELAC continue funding medical research needed to safeguard our children, grandchildren and friends. Your generous donation will help RELAC reach this year’s fundraising goal of \$5,000.

If you wish to donate online, visit www.marchforbabies.org/team/RELAC.

You may sponsor a RELAC virtual walker by clicking on that person’s name listed on the MOD website and making a walker donation. You may also wish to register as a RELAC walker and get family and friends to donate in your name.

If you prefer writing a check payable to “March of Dimes,” mail your check to our RELAC office in Alhambra. Thank you for your continued support.
