

2020 Scholarship Awardees

On behalf of the RELAC Board of Directors and the Scholarship Committee, we are pleased to congratulate our 2020 scholarship awardees: Nyah Harrison, Zachary Kight, Mai Lani Moua, Hunter Shepard, and Skylar Sherfey.

The Board proudly awarded these five exceptional students with a \$1,000 scholarship and also congratulates their nominating RELAC family members.

During these challenging times, we hope that our scholarship awards assist in achieving the educational and future employment goals of these honorable students. We are proud to recognize our five 2020 scholarship awardees.

RELAC's scholarship program is an exclusive benefit program implemented this year to provide financial assistance to RELAC members and their families as they prepare for the achievement of their educational goals. We are proud to invest in their future.

A 2021 scholarship program has been approved by the RELAC Board of Directors. The 2021 application period will be Jan. 1 – March 1, 2021. Please check our website for information and application forms after Nov. 1, 2020.

Nyah Harrison is the granddaughter of RELAC member Janie Harrison and has been accepted at Colgate University in New York. Her goal is to major in information technology and to motivate society as an entrepreneur.

Zachary Kight is the grandson of RELAC member Michael Crowley and has been accepted at Salisbury University, Maryland. His goal is to major in sociology with an emphasis in criminal justice.

Mai Lani Moua is the daughter of RELAC member Tori Yer Moua and will attend the University of Oregon. Her goal is to become a lawyer and to advocate for those who cannot speak for themselves. She eventually wants to become a judge.

Hunter Shepard is the grandson of RELAC member Charlotte Smith and will attend Southern University, Baton Rouge. His goal is to become a math teacher, achieve a master's degree in educational leadership and become a high school principal.

Skylar Sherfey is the granddaughter of RELAC member Olive Wong and will attend Colorado Mesa University. Her goal is to major in sports and exercise science with an emphasis on athletic training, and to ultimately become a physical therapist.
