

SIGN UP FOR COVID ALERT

Californians can sign up to opt-in to CA Notify to receive COVID-19 notifications informing them if they have been exposed to someone who has tested positive for the virus.

CA Notify will alert users if they have been in close contact with someone who has tested positive for COVID-19. With that information, they can make responsible decisions around quarantine and testing.

The technology is available through the Google Play store on Android devices or through iOS settings on Apple devices.

For more information about CA Notify, visit canotify.ca.gov.
